

The Heritage

Rich in the Advent Tradition

///ADVENT®

The Heritage

399⁹⁵ EA.

Continuing in the Advent tradition of exceptional quality at moderate cost, the Heritage provides outstanding home stereo speaker performance and styling that is unmatched by virtually any two-way speaker.

The Advent Heritage speaker system features an innovative dual woofer design engineered to provide the utmost in performance and fully capable of satisfying the extremely high power handling demands of today's CDs and digital tapes.

Perfectly matched dual 8" high excursion woofers are combined with a 1" ferrofluid-filled parabolic soft dome tweeter and a precision crossover network which utilizes both woofers at low frequencies and directs midrange frequencies to the center-positioned woofer. The result is a tight, clean bass, sharper midrange, and a crystalline high end with smooth frequency response and increased dispersion for enhanced soundstage imaging and accuracy.

Performance characteristics of the Advent Heritage include a remarkable 600 watts peak power handling capability with 150 watts RMS and a frequency response of 42 Hz-23 kHz (± 3 dB).

The Heritage also continues the Advent tradition of elegant cabinetry. Handsomely styled and carefully constructed from oiled solid pecan wood, the luxurious appearance of the Advent Heritage, accented by its attractive grille, will enhance any interior decor.

Advent Heritage Specifications*

Frequency response	42 Hz to 23 kHz ± 3 dB
Tweeter dispersion	Less than ± 1 dB variance 30° vertical or horizontal to 13 kHz
Impedance	6 ohms nominal 4 ohms minimum
Power handling	600 watts peak 150 watts RMS
Sensitivity	89.5 dB @ 2.83 volts @ 1 meter
Crossover frequency	3.5 kHz
Resonance	55 Hz ± 5 Hz
Harmonic distortion	Less than .5% above 75 Hz @ 1 watt
Useable frequency range	Low: 34 Hz -8 dB High: 23 kHz -3 dB
Tweeter	1" ferrofluid-filled parabolic soft dome
Woofer	Dual 8" high-excursion with aluminum coil form
Cabinet size	37 ³ / ₄ " H x 10 ¹ / ₂ " W x 13 ¹ / ₁₆ " D
Weight	46 lbs.
Finish	Oiled solid pecan wood
